ABOUT ME

I am a front-end web developer with experience building clean, accessible and responsive applications using HTML5, CSS, SCSS, JavaScript, React, and API integration. I bring experience from my previous career managing a team, analyzing complex problems, and effectively communicating with a range of audiences. I am an empathetic collaborator who brings curiosity and enthusiasm to each team I join and web project I undertake.

FEATURED PROJECTS

TASTE MAKER | HTML5, CSS, JAVASCRIPT, API, REACT, FIREBASE
Live Site | GitHub
Music recommendation generator made with React, using an API call to fetch data and Firebase to store the user's search history.

WEATHER SCOUT | HTML5, CSS, SCSS, JAVASCRIPT, API INTEGRATION
Live Site | GitHub
Through pair programming, created an app that uses two API calls to return current and future weather data.

DELICIOUS | HTML5, CSS, SCSS
Live Site | GitHub
Was provided a design and was tasked to convert into a multi-page, functional, responsive website.

EXPERIENCE

ONSITE GALLERY, OCAD UNIVERSITY, TORONTO
Programs & Community Coordinator, Feb 2019 - May 2020

- Successfully managed and coordinated 50+ public programs with budgets ranging from $1,000 to $100,000, demonstrating resourcefulness, initiative, creativity and teamwork.
- Led, recruited and managed a team of 10 public-facing staff members from the ground-up, ensuring the delivery of a seamless experience for 1,000+ visitors per exhibition.
- Collaborated with international artists and curators to develop and execute programs on time and within budget, demonstrating flexibility and problem solving.
